The Organising Committee of SCULPT 2021 acknowledges that

António Mário Almeida

has participated at **SCULPT 2021- Shaping Genealogies · 1st International Conference on Late 19th and Early 20th Century Sculpture**, having presented the communication entitled “*Application of Ultrasonic Pulse Velocity for the Condition Assessment of Plaster Sculptures: a preliminary study*”.

The event, organized by CITAR - Research Centre for Science and Technology of the Arts (School of Arts, UCP), in partnership with Museu Nacional de Soares dos Reis (Direção-Geral do Património Cultural), took place online, on October 7-8, 2021.

Profª Doutora Eduarda Vieira
Conference Chair

Porto, 17 December 2021
